

SANDWICH NOT A MEAL

Raines' Law Hotels Get Hard
Blow in New York.

VITAL LIQUOR LAW RULING

Court Declares That A Sandwich Served
With a Drink Is Not a "Meal"
Within the Meaning of the
Law.

New York, Dec. 1.—Supreme Court Justice Clark in an opinion handed down today, has ruled that a sandwich served in the back room of a Raines' law hotel on Sunday is not a meal within the meaning of the law, and the motion by the attorney of the state excise department to revoke the license of the defendant in the case was allowed. Justice Clark says that a guest, within the meaning of the law, is a "person who, during the hours when meals are regularly served therein, resorts to the hotel for the purpose of obtaining and actually orders and obtains at such times in good faith a meal thereat."

Lawyers who studied the decision said today that it did not affect the sale of liquor in a regular hotel properly equipped with a dining room and meal service when a guest merely purchased a sandwich. It was conceded that under the construction Justice Clark put upon a guest that it might be dangerous for a regular hotel to sell a drink to a mere chance "dropper-in" for a drink.

GRANITE MEN TO DEMAND 10 PER CENT INCREASE

Quincy Union and Manufacturers Give
Notice That New Bill of Prices
Is Desired After March 1.

Quincy, Mass., Dec. 1.—The Granite Manufacturers' Association and the Granite Cutters' Union of Quincy notified each other this morning that they desired a change in the existing bill of prices, in accordance with a provision of the arrangement made when the last bill of prices was accepted, providing that when a change was desired, each should give the other three months' notice.

The present bill of prices and articles of agreement expires on March 1 next. The manufacturers ask for a general revision, while the Granite Cutters' Union desire more radical changes. They ask that the minimum rate of wages now paid—33 cents an hour, or \$2.64 for an eight-hour day—be increased to 37½ cents an hour, or \$3 for an eight-hour day. They also ask for an advance of 10 per cent. on all classes of work, and that the number of apprentices be limited to two for a gang of 12 men. The number is now unlimited.

BATTLE AT ZEIGLER.

Report Has Two Killed and Four Wounded
at Zeigler's Mine.

Duquoin, Ill., Dec. 1.—News has been received here from Zeigler, Ill., that a clash occurred there early this morning between striking miners and armed guards employed by Joseph Leiter to protect the property of the Zeigler Mining Company, which has had a strike on its hands for several months.

It is reported that two men were killed and four wounded. No further particulars of the conflict have yet been received here.

Serious trouble is feared tonight, and it is believed that an additional force of militia will be asked for. Gov. Yates sent a company of the National Guard to Zeigler several days ago.

There has been one previous fatality in the Zeigler strike, which was begun on July 10. A carload of non-union miners who had just been imported was fired upon from ambush on Nov. 16 and an Austrian miner was killed. The mine entrance, shaft houses where the miners are quartered at Zeigler are surrounded by a stockade—a light board fence about fifteen feet high—which encloses an area 800 feet long and 400 feet wide. At either end is a block-house, in each end of which is said to be mounted a machine gun.

AN ACUTE STAGE.

Fall River Strike Seems at a Very Critical Point.

Fall River, Dec. 1.—The struggle between the Fall River manufacturers and the union operatives is becoming more acute daily, and at times considerable bitterness is displayed. The claims made by both sides are so far apart that a disinterested observer finds it difficult to gauge the situation correctly.

The strike has not yet been broken, and the mills are having much trouble with unskilled workers. There is a decided shortage of skilled weavers, and many of the factories are finding it difficult to keep running on account of a lack of suitable operatives to run the looms.

A Cure For Ingrowing Nails.

It is easier to prevent than to cure ingrowing nails—cut them straight across instead of oval. When, however, a nail starts to grow in, soak the feet in water as hot as can be endured, loosen the cuticle, cut the nail or the sides and apply a little peroxide of iron with a camel's hair brush. This hardens the flesh and renders it impenetrable to the new nail.

A FATHER'S EXPERIENCE

Trying to Give His Little Girl Cod Liver Oil—Says He Had a Regular Circus.

An interesting incident was told by a man in Rickert & Wells' drug store the other evening.

The man came in and bought a bottle of Vinol, and while waiting for change engaged the clerk in conversation.

Said he: "We were told to give our little girl cod liver oil. I bought a bottle and took it home. We had a regular circus trying to get the child to take it. Then it did not agree with her at all, the oil upset her stomach. She did not get any better, so I told the doctor how we had failed, and he at once recommended your Vinol, saying that it contained all of the curative, healing and strengthening properties of cod liver oil without a drop of oil, and that children all love it."

"I took home a bottle and we began to give it to our child right away. Almost from the first dose we noticed a change, and she has gained flesh, strength and appetite and sleeps well every night."

"I don't believe any one should give a delicate child old-fashioned, nauseating cod liver oil or emulsions when Vinol is so delicious, and it will do so much more good than any other tonic. It is simply a wonderful medicine for weak, puny children, and I am recommending it to my friends."

We guarantee Vinol will make weak, puny children strong, robust and rosy, strengthen and invigorate old people, and build up the run down, tired and debilitated as nothing else can. If it fails we will return every dollar paid for it. Rickert & Wells, Druggists.

Italy May Present a Statue to America.

Washington, D. C., Dec. 1.—There is some gossip here that the Italian government may present to the United States a statue of Julius Caesar to be placed in the army war college grounds near that of Frederick the Great, presented by Emperor William of Germany, and recently unveiled. Nothing official is yet known of the matter.

"KIT" TURNER IS CAPTAIN

Of Goddard Foot Ball For the
Year 1905.

HAS PLAYED HALF BACK

Seminary's Foot Ball Record of the Year
Has Been Most Brilliant, the Cham-
pion Prep. School Team
of Vermont.

Goddard seminary football team has held its annual election of officers and disbanded. "Kit" Turner was chosen captain.

This eleven has without doubt won the championship of Vermont secondary schools for 1904.

There are several good teams in the state, viz: Vermont Academy, St. Johnsbury Academy, Middlebury High school and Brimham Academy, which were challenged but did not accept, but Goddard has defeated teams that have either beaten or played an even game with all of these.

No preparatory school in the state has beaten or even scored on the local team. Norwich University, the champion college team of the state, succeeded in making one touchdown against Goddard, but Norwich beat the University of Vermont team 15 to 0. When the Goddard boys went to Meriden, N. H., to play K. U. A., the latter team won; but two of the players on the Barre team were ill and in no condition to play and there were no substitutes to put in their places. When the K. U. A.

was in good condition, and defeated the New Hampshire boys.

Montpelier Seminary has twice suffered defeat at the hands of Goddard this year.

The team started practice early in September under Coach Cannell and Capt. Dunham.

Knapp, Turner, Dunham, White and Pike were members of last year's team. Martin had played before on a western team, but the other men were green to the game. Booth improved so rapidly that he was put in as left end and has filled his position well.

Capt. Dunham played half back as usual, and there is almost no need of saying how he played, for every one knows that he is something out of the ordinary. Turner kept up his former reputation in a creditable way, especially in the games with Montpelier when he played full back. Martin has been as good a man at quarter as Goddard ever had, his end-runs being a feature of every game. Knapp made a good reputation for himself this season, both at end and at half back. White was a tower of strength in the line.

TO MEET BRITT.

Battling Nelson Will Tackle Californian
on Dec. 20.

San Francisco, Cal., Dec. 1.—Articles of agreement for a fight of twenty rounds to take place on Dec. 20, were signed by Jimmy Britt and Battling Nelson in this city late last night. The Yosemite Athletic Club's offer of 55 per cent. of the gross receipts was accepted, and the pugilists agreed to a division of 60 per cent. to the winner and 40 to the loser. The weight is fixed at 132 pounds at 9:30 o'clock on the evening of the fight, Marquis of Queensberry rules to govern. The fighters will deposit \$2000 each as a forfeit. The men will meet again today, when a referee will probably be decided upon. It is understood that Nelson objects to Eddie Grauey as referee, preferring Roche, who officiated in the recent Corbett-Nelson bout.

PEACE MEETING OFF.

Russia Cannot Take Part While the War Lasts.

Washington, Dec. 1.—The report from St. Petersburg that the Russian Government would be disinclined to participate in a new peace conference during the present state of affairs in the Far East was confirmed today at the State Department. Count Cassini, under instructions from his Government, has advised the department that Russia courtously agrees to the principle of another conference, as suggested by the President, but that his Government does not see its way clear to participate in such a conference while affairs in the Far East are in their present condition.

Under ordinary conditions the declaration of a single power to enter the conference would not serve to postpone it, and in the present instance, if Russia alone were involved, the President would continue his efforts to bring about an early conference at The Hague. But it is well understood that perhaps half a dozen other powers will be reluctant to join in a conference in which Russia is not represented, and this fact will no doubt lead to a postponement of the proposed conference until the Russo-Japanese war is nearer an end.

NOW IN EFFECT.

New Trading Stamp Law Is Operative Today.

Boston, Dec. 1.—The new trading stamp law went into effect in this commonwealth today. All merchants, great and small, now carrying on business on a trading stamp basis, are subject to a tax. The tax is an excise upon the right of a merchant to carry on business in that way. The amount of the tax is fixed as the equivalent of 3 per cent. of the gross receipts from the articles sold and from the trading stamps given with them.

Another distinguishing feature of the act is that merchants carrying on business in that manner are required to make sworn statements twice a year, showing that the number of stamps issued by them to customers and the gross receipts received from articles so sold and from the trading stamps delivered with them. This is to enable the city or town treasurer with whom the returns are to be filed to compute the tax. These returns are required to be filed on the first days of January and July in each year, and a failure to make them on time or the making of a false statement in a return, knowingly, exposes one to penalties.
